EXPERIENCE

edrone **Senior Product Designer & Team Lead**
REMOTE / CRACOW, PL NOV 2022 - MAR 2026

AI-powered marketing automation and CRM platform for small and medium e-commerce businesses.

- Designed freemium model end-to-end from zero: signup, onboarding, integration, activation, and Stripe paywall. 4,657 accounts created in 10 months, 78% activation rate, CAC reduced 20x vs sales-led model
- Cut median time to first attributed order from 44 to 5 days (9x faster) — the team's North Star metric
- Signup flow redesign shipped in 5 hours using Codex: +100% desktop conversion, mobile from 0.05% to 3% within 7 days
- Contacts Activation: turned manual Support task into a zero-touch feature with 95% adoption rate and +19% identification rate globally
- Built design system from scratch: 50+ components, shipped in Storybook, adopted across engineering
- Grew into Team Lead within a year, managing Senior PD, UX Researcher, and Senior Product Data Analyst
- Shipped production frontend code independently using Codex and Claude Code from December 2025, removing dev dependency on smaller features
