Experience

edrone **Senior Product Designer & Team Lead** Remote / Cracow, PL Nov 2022 – Mar 2026

AI-powered marketing automation and CRM platform for small and medium e-commerce businesses.

- Rebuilt the platform over 2 years, area by area, fixing fundamental UX issues and creating the foundation for self-serve freemium, informed by Amplitude data throughout
- Designed freemium model end-to-end: signup, onboarding, integration, activation, and Stripe payment, 23% account growth, 78% activation rate within first months
- Signup flow redesign shipped in 5 hours using Codex: +40% signups on desktop, +300% on mobile within 7 days
- Built design system from scratch in first months: 50+ components, shipped in Storybook, adopted across engineering
- Grew into Team Lead within a year, managing a team of four: Senior PD, UX Researcher, Senior Product Analyst
- Shipped production frontend code independently using Codex and Claude Code from December 2025, removing dev dependency on smaller features.

Deepsolver & PLO Genius **Product Designer** Remote / Warsaw, PL Nov 2020 – Oct 2022

Sole designer across two B2C SaaS products for poker strategy training, both still live and generating revenue. Took both from zero to launch: research, UX, UI, design system, and ongoing feature development.

EQ System **UX Designer** Katowice, PL Sep 2019 – Jul 2020

Designed modular ERP, CRM and HRM systems across desktop, tablet and mobile for enterprise clients.

[i] Inventive Software **Jr UX/UI Designer** Remote, US Jan 2019 – Jun 2019

Designed interfaces for real estate and e-commerce platforms as first UX/UI role.
